Visera™ AF

QNT-VIS-110 Indirect-Vent Safety Goggles

CE EN ISO 16321 | ANSI Z87+ | UV 400

STANDARD
EN ISO 16321

LENS
○ **Clear PC**

SPECIFICATIONS

Material	Frame: soft PVC; Lens: polycarbonate (PC)
Color	Transparent clear frame, clear lens, black elastic headband
Lens Feature	Anti-fog coating, scratch-resistant hard coating, impact resistant, UV 400 protection, indirect ventilation
Style	Safety goggle, 4-point indirect ventilation, adjustable woven elastic strap, fits over prescription glasses
Certification	CE EN ISO 16321 / ANSI Z87+
Packing	Individually wrapped

STANDARD PACKAGING

Goggles	Individual polybag per unit
Inner box	10 pcs · 43 × 20 × 10 cm
Carton	12 boxes · 62 × 45 × 42 cm

PERFORMANCE RATING

Impact	Medium-energy impact (80 m/s) + high-mass impact, at extreme temperatures
Marking	GL0 DT HMT N

APPLICATIONS

Laboratory · Chemical Handling · Grinding · Construction · Sanitation · Liquid Splash · Dust & Droplets

CE **EN ISO 16321**
ANSI Z87+

Outdoor untinted lens — for indoor and outdoor use where no optical radiation hazards exist other than solar radiation. Provides adequate protection against solar UV, but is not intended to protect against sunglare.

Manufacturer: MJS Enterprises, Karachi, Pakistan · Made in China

PRODUCT ANATOMY

1 Lens
Anti-fog coated PC

2 Vent
4-point indirect ventilation

3 Frame
Soft PVC full seal

4 Strap
Adjustable woven elastic

CORE ADVANTAGES

01 Anti-fog Coated PC Lens
The anti-fog coating prevents fog build-up during temperature changes or long wear, keeping vision clear without frequent wiping.

02 4-point Indirect Ventilation
Indirect vents let air circulate to reduce fogging, while blocking liquid splashes, dust and particles from entering the goggle.

03 Soft PVC Full-seal Frame
The flexible soft PVC frame fits snugly around facial contours, sealing tightly against splashes, dust and chemical droplets.

04 Adjustable Wide Elastic Headband
A woven elastic strap with buckle adjusts quickly in length, stays stable during movement and is compatible with safety helmets.

05 Room to Wear Over Glasses
A large internal cavity lets users wear the goggles directly over prescription glasses — ideal for lab and industrial workers with myopia.
